## DIGITAL SKILLS

---

Microsoft Office (Outlook, Excel, Word, PowerPoint) | Web Development + Web Design | Basic graphic design | Java programming | C programming | Database MySQL

## PROJECTS

---

[ 02/04/2023 – 21/06/2023 ] **Employee Management System with GUI and MySQL Using Java**

Employee Management System with GUI and MySQL is a Java project that uses a graphical user interface (GUI) to allow users to manage employee data stored in a MySQL database. The system allows users to add, edit, delete, and view employee information, as well as view the login information for both admins and employees and so on.

**Skills: Java, Java Swing, Databases(MySQL), Java Database Connectivity (JDBC)**

[ 06/11/2022 – 10/01/2023 ] **Employee Managment System in C with Data Structure**

This code is a simple Employee Management System project in C with Data Structure. It uses a linked list to store the employee records. The user can add, see list, modify, delete, sort, and search for employee records. The code also supports loading and saving the employee records to a file. It is easy to read, understand, and extend.

**Skills: C, Data Structure**
